

TWIN

Dockmate® TWIN, a wireless extension of your boat's controls. Push on the pads to put the engine in gear, enhanced with exclusive features like SoftDocking and Throttle+.

- Control 2 engines.
- Bow & Stern Thrusters, One or Two Anchors & Horn.
- REV G+ Receiver - this is a new WIRELESS receiver for easier installation & customization.
- Soft Docking: The perfect kick every time with just simple tap of the joystick. Dockmate is fully customizable to safely "bump" the engines enabling a perfect consistent engagement of the powertrain as specified by you. This enables you to dock and maneuver your boat with confidence every time.
- Throttle+: For those times when there is wind and or current, a little more than Idle speed is required to safely maneuver your boat. Throttle + gives you a preset "burst" of throttle when you need it.
- "Stern thruster Simulator" Walk the boat sideways to & from the dock.
- **3 Year** Manufacturer's Warranty and **30 Day** Satisfaction Guarantee.
