

RED M2E

Designed specially for mechanical engine controls.

- Designed specifically for mechanical or hydraulic (hydraulic) engine controls.
- This new remote control does not offer advanced features such as fully-proportional throttle. It will put the boat in gear at idle speed in forward & reverse and operate with ON / OFF thrusters.
- ON/OFF Bow & Stern thruster
- One or Two Anchors
- Horn
- The Dockmate® RED offer a wireless extension of the above controls with the exact same feeling and response time!
- The RED comes pre-configured with analog idle speed engine modules and on/off thruster modules. One available option is single Anchor.
- 3 Year Manufacturer's Warranty and 30 Day Satisfaction Guarantee.
